Community Benefit Report

At Monroe County Medical Center, our goal is to deliver the best healthcare available to the residents of Monroe and the surrounding counties, as we seek to make our community healthier. With the help of dedicated physicians, employees and board members, along with your continued support and encouragement, we continue our passionate pursuit of excellence.

Delivering quality healthcare close to home is the single most important contribution we make. But there are many other ways we make a positive impact on the communities we serve. Here are a few of the ways we make a difference:

Charity and other uncompensated care		$ 1,430,976
Includes unpaid cost of Medicaid as well as charity and other uncompensated care		
Community benefit programs		$ 29,197
Community health improvements	$ 20,447	
Health professions education	$ 8,750	
Subsidized health services		
2019 Total		$ 1,460,173

In addition, with an annual payroll of $9,951,551 and 247 employees, Monroe County Medical Center is one of the largest employers in the county. This means our staff and family members attend many of the same schools, shop at the same stores and volunteer their time and resources for the same organizations as you do.

We thank you for choosing us for your healthcare needs. With your support, we can continue making our community healthier.
