

2021 Community Benefit Report

At Monroe County Medical Center, we are proud to be an engaged community partner committed to making the region a healthier place in which to live and work. With the help of dedicated physicians, employees, and board members, along with your continued support and encouragement, we continue our passionate pursuit of excellence.

Over the past two years, the COVID pandemic further strengthened our focus on providing quality care close to home. And there are other ways we make a positive impact on the communities we serve, including:

Charity and other uncompensated care		\$ 1,589,182
Includes unpaid cost of Medicaid as well as charity and other uncompensated care		
Community benefit programs		\$ 19,412
Community health improvements	\$ 19,412	
Health professions education		
Subsidized health services		
2021 Total		\$ 1,608,594

In addition, with an annual payroll of \$10,452,000 and 242 employees, Monroe County Medical Center is one of the largest employers in Monroe County. This means our staff and family members attend many of the same schools, shop at the same stores, and volunteer their time and resources for the same organizations as you do.

Thank you for putting your trust in us to provide the quality medical care you need and deserve. With your support, we can continue making the communities we call home a healthier place to live.

Andrea McLerran, CEO
